Leaf & Ground

Leaf and Ground provides not only superb groceries in the Deli but a beautiful array of healthy and vibrant plants in the garden shop. And then there is the café. What a wonderful amenity for villagers to meet, mums to meet after the school run, book groups to convene and debate the latest good read, a place to take visitors for a snack or delicious lunch. Nothing precious here – boots and dogs very welcome. Walkers and dog lovers have a network of paths through the grounds for glimpses of the marvellous views across the river and beyond. On a clear day the spire of Gloucester cathedral can he seen framed on a direct axis with the buildings. The children’s playground is greatly enjoyed
