

NHS Test and Trace

Test and Trace

This is a public health message from [NHS Test and Trace](#)

As part of the government's coordinated response to Coronavirus, NHS Test and Trace has developed the new NHS COVID-19 app.

It is now available for download to all residents of England and Wales. We strongly recommend that everyone over the age of 16 downloads and uses it.

Download the 'NHS COVID-19' app from the App Store or Google Play. There is more information at <https://covid19.nhs.uk>

The app will help you to understand and manage your personal risk and reduce the spread of Coronavirus. The more people who use it, the more effective it will be.

The app requires operating system 13.5 or above if you have an Apple iPhone. It requires Android 6.0 or above if you have an Android phone. If your smartphone is not compatible, you can still access full support from the NHS Test and Trace service.
