Hidden Gardens 2024

The Hidden Gardens of Stinchcombe 2024

Once again the Friends of St Cyr’s will be holding an Open Garden event in Stinchcombe on Saturday and Sunday the 29th & 30th June.

This has always been a very successful event even in past years when we have had torrential downpours.

Please save the dates and NEW hosts required

We are also looking for a few more hosts to open their Gardens, you don’t have to have a large formal Garden as we usually have a wide variety from tiny Cottage Gardens to large Formal Gardens and everything in between.

If you are interested in opening yours and need more information please phone Charlie Oakhill 07958 474807 we even have a previewing of a selection the evening before and Drinks for the hosts should they not get an opportunity to view during the event.

The comments we have had about our Village in previous years are incredible and encourage us to continue in the future with this very popular fundraiser, it would be nice to have a few extra and different Gardens from previous years.
